*(VIA E-MAIL)*

By now some of you will have had the pleasure of calling the Conifer office and discovering a new voice!

This lovely young lady is Laura Spyker and we are so pleased to have her! Laura has come to us from RBC where she held a position in Client Care.

Laura's main focus will be to provide administrative support and to give Kaleigh an opportunity to cross-train under Shannon in accounting.

Laura will be with us until the end of summer providing holiday relief and assistance in some project work.

Already we can see that it will be difficult to let her go!

When you get the chance, please welcome Laura to the team!
