(VIA E-MAIL)

Conifer families are growing! Our Kaleigh is going to have a baby. It is pretty exciting around here as she provides weekly updates on the baby's size as it relates to fruits and vegetablesfirst it was a sweet pea, sometime later an avocado, and now a small coconut! Wonderful!!

In anticipation of Kaleigh's upcoming leave we have recently hired a new administrative assistant, Youshita Gashtil. Youshita comes to us with a varied background, mostly in banking and financial services. She has a lovely disposition and is fitting into the Conifer culture quickly. Youshita's email is Youshita@conifer.ca.

When you get the chance, please welcome Youshita to the team!
